

A New Milestone in Packaging Excellence

Introducing **Paxel** - Redefining **Value**

Quality Par Excellence

Each PAXEL tin-can conforms to IS10325:2000 and is fabricated from BIS certified prime quality Tinplate. A unique identification number on each tin-can helps maintain strict quality check at each stage of production.

Hygiene & Safety Assured

Controlled processes and safety mechanisms deployed in manufacturing PAXEL tin-cans ensure that no additional audits are required to be carried out by customers.

On-time Delivery

Adequate stocks of finished tin-cans and sheets ensure the customers get what they have ordered, assuring complete peace of mind even when demand variability is high.

PaxelTM Promises More

- Eliminates inventory carrying hassles of finished cans and tin-sheets for the customers
- Prevents supply chain losses and other damages
- One-stop solution for bare, printed and lacquered tin-cans

Mark of Authenticity

Branded Airtight Spout Cap

Each PAXEL tin-can comes fitted with a branded airtight Spout Cap, which keeps the cans free from foreign particles and ready to fill.

Unique QR Code

A unique QR Code helps track quality at various stages of production. Look for the ID and QR Code at the base of each PAXEL can for its authenticity.

Tinplate is globally preferred as the best packaging solution

- Eco-friendly and sustainable packaging medium
- Retains aroma and flavour of the content packed
- Free from rodent attacks
- Pilfer and tamper proof
- Strong brand appeal
- Longest shelf life
